

# Graceful + Tasteful: G+T Aesthetics

Led by Director Charli Wilson, G+T Aesthetics provides the latest in high-quality aesthetics and well-being treatments including:

- Prescriptive Facials
- Chemical Peels
- Profhilo®
- Coolift®
- Cryopen® (for the removal of benign skin growths, including warts and lesions, effective in just one treatment)
- Dermal Fillers
- Dermal Filler Correction/Removal
- Anti-Wrinkle Solutions
- IV Vitamin Infusion Therapy
- Private blood tests, and much more...

G+T Aesthetics are one of the first aesthetics clinics in the UK to be carrying out the 12-point

surgical facelift, which addresses all visible signs of ageing. This facelift uses dermal fillers and has no down time with instant results.

Director Charli has every focus on her client, taking time to establish a relationship and instil that essential confidence and trust. She invests time in talking things through and recommends treatments based on her client's needs. 'Getting to know the client and establishing that trust is the most rewarding part

of the job,' she says. Charli has a no-obligation approach, with no pressure, to be absolutely sure her clients are happy and feel confident of the recommended choice of treatment. She works independently, caring for each client herself, ensuring each client receives the high level of service she is proud to offer.

The clinic is based on the Tinwell Road, with excellent access, free parking and discreet

premises to ensure privacy for clients. Clinic times are Mon-Fri 10am-7pm and Sat 10am-2pm.

**G+T Aesthetics are currently offering 30% off your first treatment (not including Profhilo® treatments and anti-wrinkle injections). For more information and to book, contact G+T Aesthetics on 07802 237489, email [gtaestheticsstamford@gmail.co.uk](mailto:gtaestheticsstamford@gmail.co.uk) or visit [www.gtaesthetics.co.uk](http://www.gtaesthetics.co.uk)**
